2:00 Introductions

2:05 Discussion

- Look at the latest survey participation dots on the map and work out how to gain participation in areas of need.
- We have had presentations, but can we come up with a list of specific projects planned/underway in Asotin county, including maps? If not, what are barriers to creating this list/maps in order to identify areas not in consideration?
- Washington State goals of “25/3 Mbps for all residents and businesses by 2024; 1/1 Gbps for Anchors by 2026; 150/150 Mbps access for all residents and businesses by 2028” – what are any barriers to achieving these goals in Asotin County?
