

BAT after-meeting January 13, 2021

Russ and Yvonne stayed on

Jennifer: Ednetics – does it fit with BAT;

Russ: Ednetics will focus on areas around schools; thinks fits with Covid grants; only offers ability for students to be connected to school; no Netflix, general internet available through Ednetics

Russ: perhaps Anatone kids need it

Jennifer:

Russ: access point must be line of sight;

Next steps

Jennifer: more providers on board and presenting at meetings?

Russ: wants participants to come forward with shovel ready projects; would prefer not to have copper. Timeline is really short.

Jennifer: are there other local providers?

Russ: doesn't know, perhaps Yvonne knows

Jennifer: will contact and see if they have projects. When will grants

Russ: USDA Reconnect grant open just before March, 45-day window;

Jennifer: wants more community folks to come

Chat transcript

Gail Long:

If within the Asotin municipal boundary customers should visit www.tdsfiber.com and select Residential services, enter zip code/address to check availability. For DSL go to www.tdstelecom.com - select internet services - check availability. Projects are in progress so may need to keep checking.

From Kristin Kemak LCV Chamber to Everyone: 02:54 PM

I'll make sure Blake puts it in the weekly and monthly newsletter.

From Sarah Reaves to Everyone: 02:59 PM

thank you!
